Hi Chris,

I finally found the time to compile a running summary of R10 issues (b) (5)

I'm still not sure about the format, so if you have any suggestions to improve, let me know. It's hard to know how much to include or how quickly this might get out of date.

Chris:

Have you been keeping a status list of your R10 items (see attachment)? If so can you please forward to me.

I keep a list of all my own stuff that I've woefully fallen behind on and I am hoping to crib from yours (as I'm about to crib from Stephanie's)
